I. SUMMARY

This report summarizes planned humanitarian and development activities of major donors in the Karamoja sub-region. The report presents information from 11 major donors including Austrian Development Agency, Belgian Development Cooperation, Danish Development Cooperation, European Union, Foreign and Commonwealth Development Office (UK), German Development Cooperation, Embassy of Ireland, Italian Cooperation, Netherlands Development Cooperation, Swedish International Development Cooperation Agency (SIDA), and USAID.

Seven donors provided specific information on funding allocations to Karamoja in 2022. The remaining four donors provided funding information for multiple years that covers multiple regions within Uganda.

The seven donors that provided Karamoja specific funding information include Belgian Development Cooperation, Danish Development Cooperation, European Union, German Development Cooperation, Embassy of Ireland, Italian Cooperation (AICS), and USAID. These seven donors allocated over 60 million United States dollars (US\$), or approximately 230 billion Ugandan shillings (UGX). See Table 1.

US government funding represents 62%, followed by the Embassy of Ireland and EU with 14% and 10% contributions respectively. AICS contributes 7% of the total estimated funding. See Figure 1.

Funding information for four donors is available but not specific to Karamoja and not specific to 2022. It is expected that a significant proportion of this funding is being spent in Karamoja in 2022. See Table 2.
